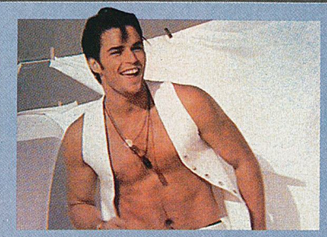
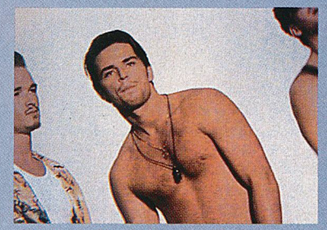
"This is RADIO FREEDOM . . .over and out!!!"

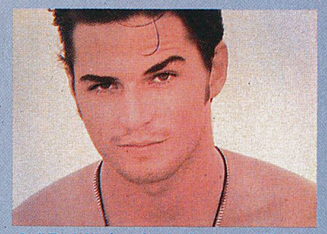


● And this not-very-ugly-at-all blokey just happens to be the lead singer of the ace new band they're calling Radio Freedom. He's called Paul Snashell *(also known, for some peculiar reason as "Pehl"!)* and along with his pals Brett O'Hara *(also known as "True"!)* and Angelo Montanya *("Ready"!?!)*, they're ready to take on the world.



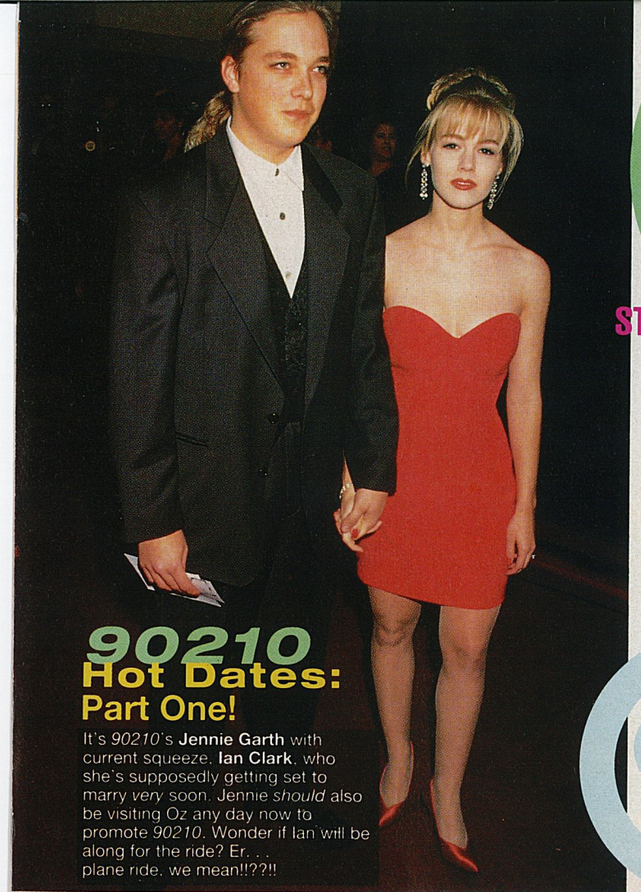
● Their first single, "I Can Feel It" is in the shops "as we speak" and you might have already caught them on *E Street* a few weeks back.

● They're being brought to you by the same folks who had a hand in the success stories that are Euphoria, Melissa and Teen Queens.



● "Pehl" *(as he's known!!!)* is already getting compared to George Michael, and he doesn't seem to mind too much. "I'm not big on comparisons," he muttered to the *Hits*, "but the guy's a legend, so if someone tells me I sound like him I say 'thank you'."

● Feel the Freedom (or something like that)!



90210 Hot Dates: Part One!

It's *90210*'s **Jennie Garth** with current squeeze, **Ian Clark**, who she's supposedly getting set to marry *very* soon. Jennie *should* also be visiting Oz any day now to promote *90210*. Wonder if Ian will be along for the ride? Er. . . plane ride, we mean!!??!!

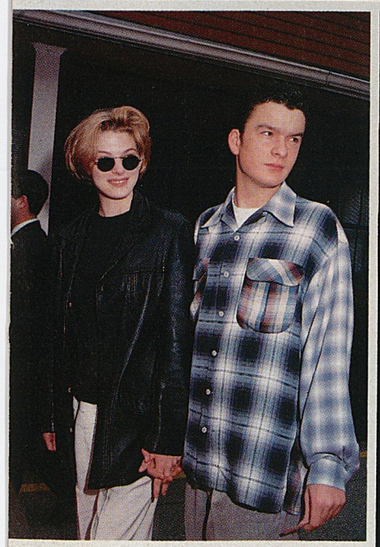
Start

START HERE! **Jason Priestley**'s been telling chums that he can't wait until girlfriend **Christine Elise** goes overseas to film *The Body Snatchers*. "I want to have some fun," says the ageing high schooler. He apparently wants to get "together" with "secret" 22-year-old New York girlfriend *(What! He's got one in every city? - Ed.)* **Avianca Marie Hansen**. All this, even after he and Christine have recently been house-hunting in Los Angeles. Tsk. Tsk.

★ ★ ★ ★ Comedian **Sandra Bernhard** isn't shy about dropping a name or two when it counts. "Madonna's my friend, not yours," she screeched recently during a brawl with a gal pal over dinner in Beverly Hills. San then fled the restaurant, presumably on her way over to Mads' pad. ★ ★ ★ ★ The latest lady to be romantically linked with **Prince** is 26-year-old actor **Troy Beyer**. She's perhaps best known for her role as Jackie on *Dynasty*. Troy presented Prince with an award at a swank function in New York and the two eventually left arm-in-arm.

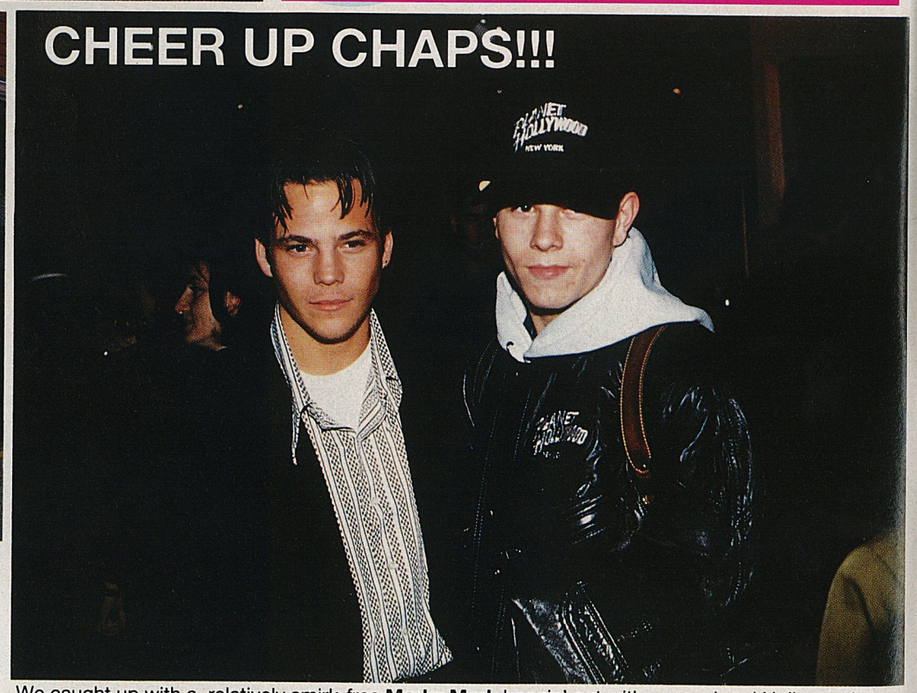
★ ★ ★ ★ Hitting the pavement in a big way while riding her bike was *Married...With Children*'s **Christina Applegate**.

CONTINUES OVER THE PAGE →



The stress of living under the same roof doesn't seem to have upset these two love birds. . .yet. Hand in hand in Hollywood are La La Sloatman and Balthazar Getty. *Awwwwww.*

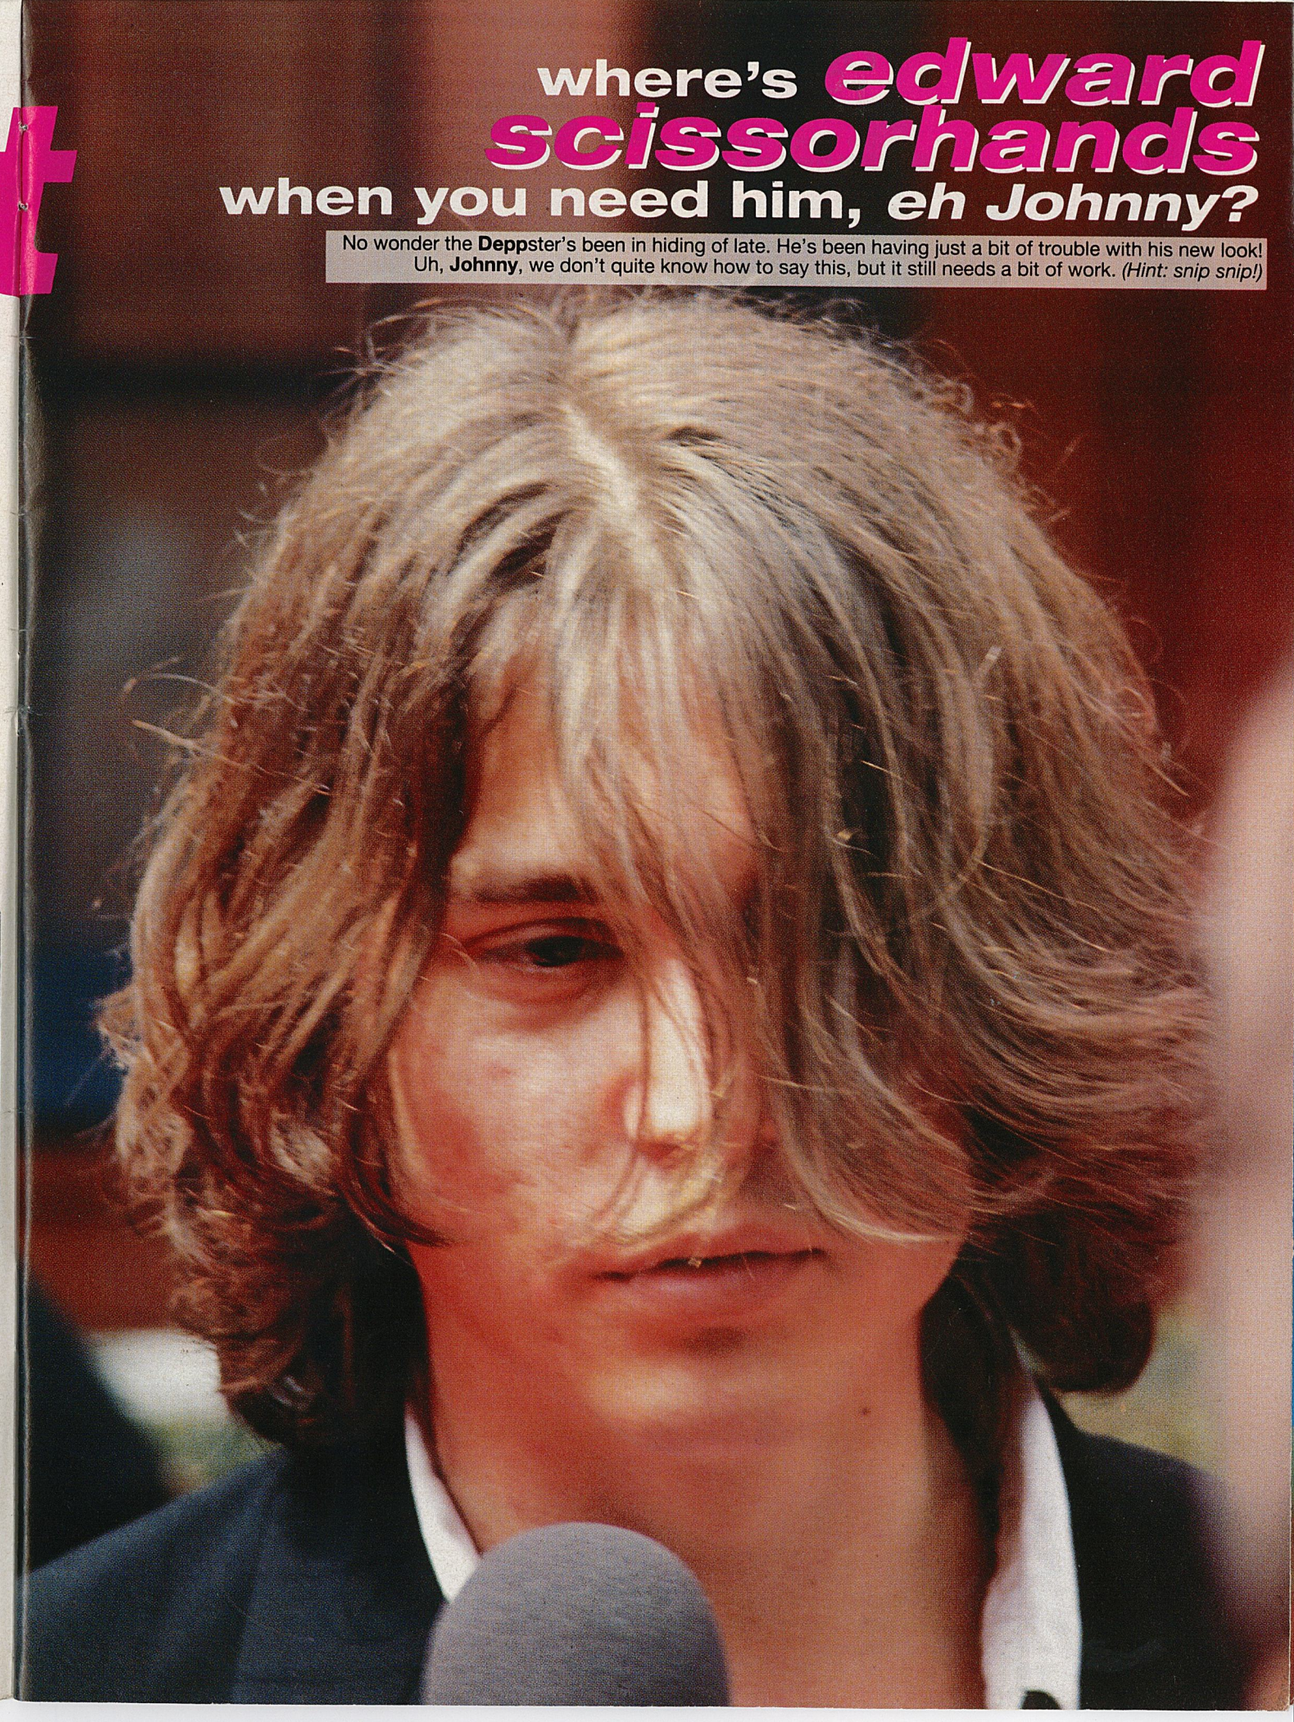
CHEER UP CHAPS!!!



We caught up with a relatively smirk-free **Marky Mark** hangin' out with new pal and Hollywood hunk-to-be **Stephen Dorff** recently. The two were snapped chatting about life, the universe and ironing *(um, maybe)* at a Planet Hollywood function in New York. Boys will be boys, hm?!

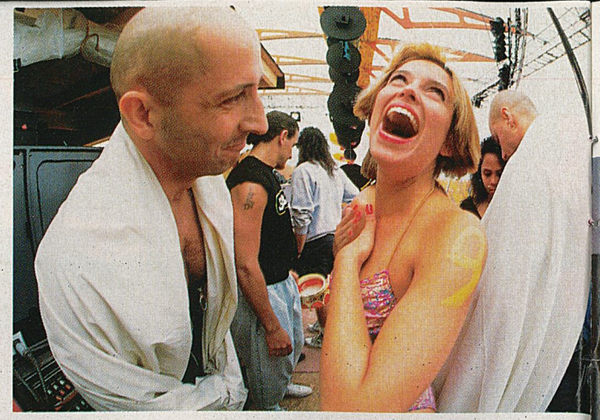
where's edward scissorhands when you need him, eh Johnny?

No wonder the **Depp**ster's been in hiding of late. He's been having just a bit of trouble with his new look! Uh, **Johnny**, we don't quite know how to say this, but it still needs a bit of work. *(Hint: snip snip!)*



right said corky!!

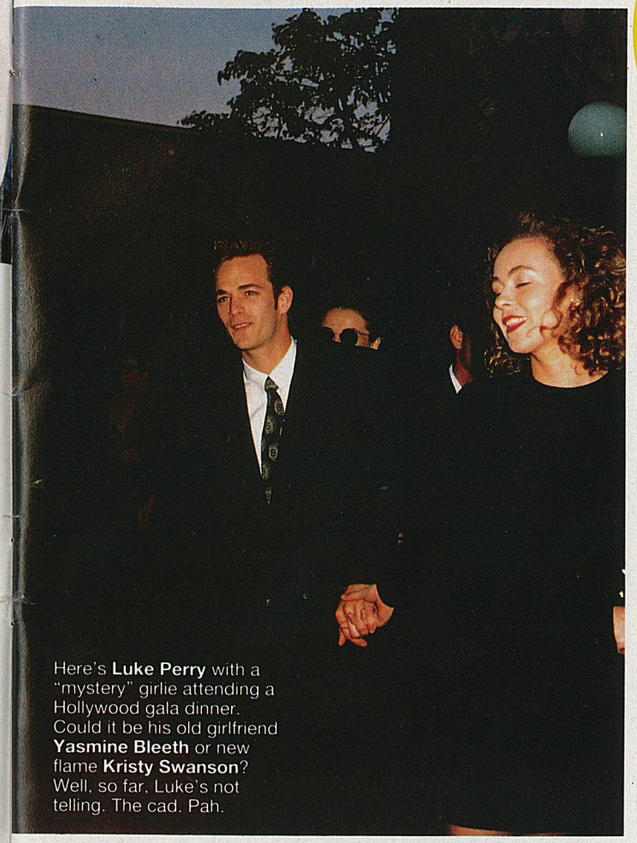
The "deeply dippy" trio of **Right Said Fred** have been taking America by storm. **Richard** and **Fred** have been on a non-stop five-week tour doing two shows a day right across the country. *Parker Lewis* star **Corin "Corky" Nemec** (left) caught up with them at an MTV beach party in Florida, as did this beach bunny ("right") who had a chuckle with Rich backstage.



er, TOTALLY NON-EXCELLENT, dude!!

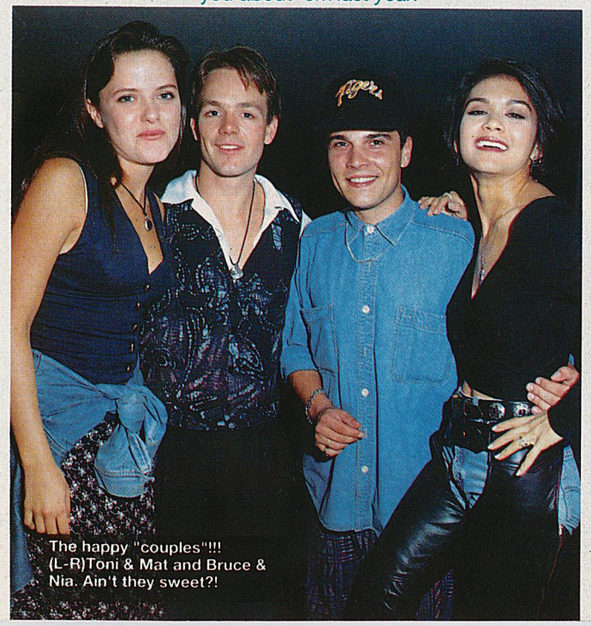
It's always been hard for the *START* Hollywood photographer to get a photo of **Keanu Reeves** with one of his hot dates. At last - success! Here's the newly-shorn "Ted" *(Johnny Depp take note. . .er. . .on second thoughts!)* with the delightful **Sophia Coppola** *(Godfather III)* after they rocked up on the back of Keanu's Norton Commando *(i.e. a swank motorbike)* at a recent Hollywood "function". By the way, where's your helmet, Soph?

90210
Hot Dates: Part Two!



Here's **Luke Perry** with a "mystery" girlie attending a Hollywood gala dinner. Could it be his old girlfriend **Yasmine Bleeth** or new flame **Kristy Swanson**? Well, so far, Luke's not telling. The cad. Pah.

On her recent visit down-under, songstress **Nia Peeples** caught up with a bunch of Aussie soapsters and hit it off right away with budding rapper **Bruce Samazan**. Also eager to chat with Nia were loving couple **Toni Pearen** and **Mat Stevenson**. One Sydney paper recently made a big splash about T&M being together. They should subscribe to *Smash Hits (The form's on page 38. - Ed.)* 'cos we told you about 'em *last year!*



The happy "couples"!!! (L-R)Toni & Mat and Bruce & Nia. Ain't they sweet?!

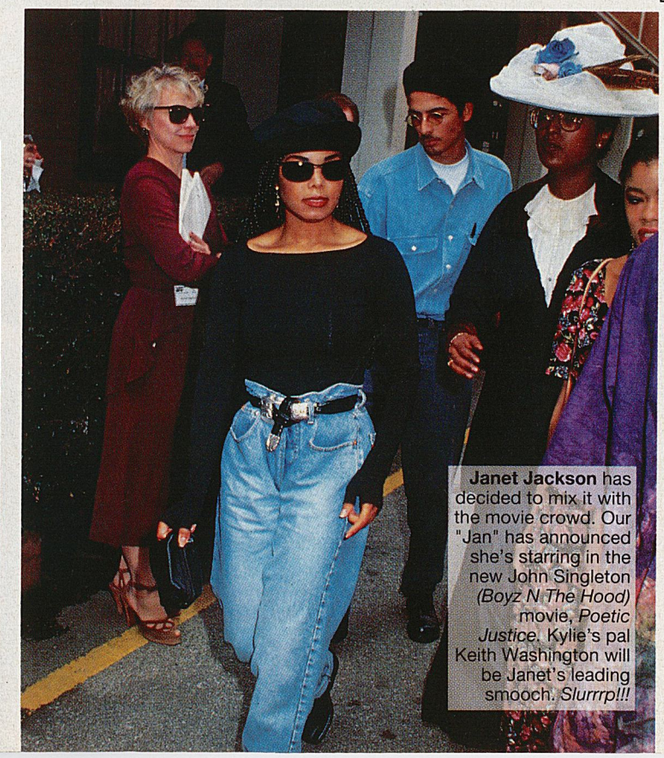
Start

Dressed in a pair of daggy, baggy, bell-bottom jeans, Christina took a tumble when the trousers tangled in the spokes of her front wheel! ★ ★ ★ ★ **Madonna** may have persuaded people as important as **Michael Jackson**, **Vanilla Ice** and **Warren Beatty** to strip for her - but she certainly couldn't influence **Luke Perry** to do the same. She wanted the *90210* star to pose in a G-string for her book on eroticism, but Luke didn't want any part of it. Not even a six-figure fee was an attraction for Perry. "It makes me feel kind of good to turn Madonna down," he said.

★ ★ ★ ★ *Mobsters* star and Australian soccer legend **Costas Mandylor** has asked girlfriend **Talisa Soto** to marry him. Soto, the star of the steamy new flick *The Mambo Kings,* has taken his ring and told Costas she'll think about the proposal.

★ ★ ★ ★ Seems relations between **LaToya** and the rest of the **Jackson** clan aren't so stormy after all. **Michael** recently tried to talk **Macaulay Culkin** into popping over to Paris to see her new stage show, which we previewed here two issues ago. But Mac decided he didn't want to see the steamy nightclub act, saying he much preferred to go to the wrestling and see **Hulk Hogan**!

★ ★ ★ ★ *90210* galpals **Tori Spelling** and **Shannen Doherty** have matching BMW convertibles. Tori's is red and Shannen's is black and the two girls motor around town yapping to each other on the phone. ★ ★ ★ ★ Whoops - gotta go now. The car phone's ringing! Byeeeeeeeee. . .



Janet Jackson has decided to mix it with the movie crowd. Our "Jan" has announced she's starring in the new John Singleton *(Boyz N The Hood)* movie, *Poetic Justice*. Kylie's pal Keith Washington will be Janet's leading smooch. *Slurrrp!!!*

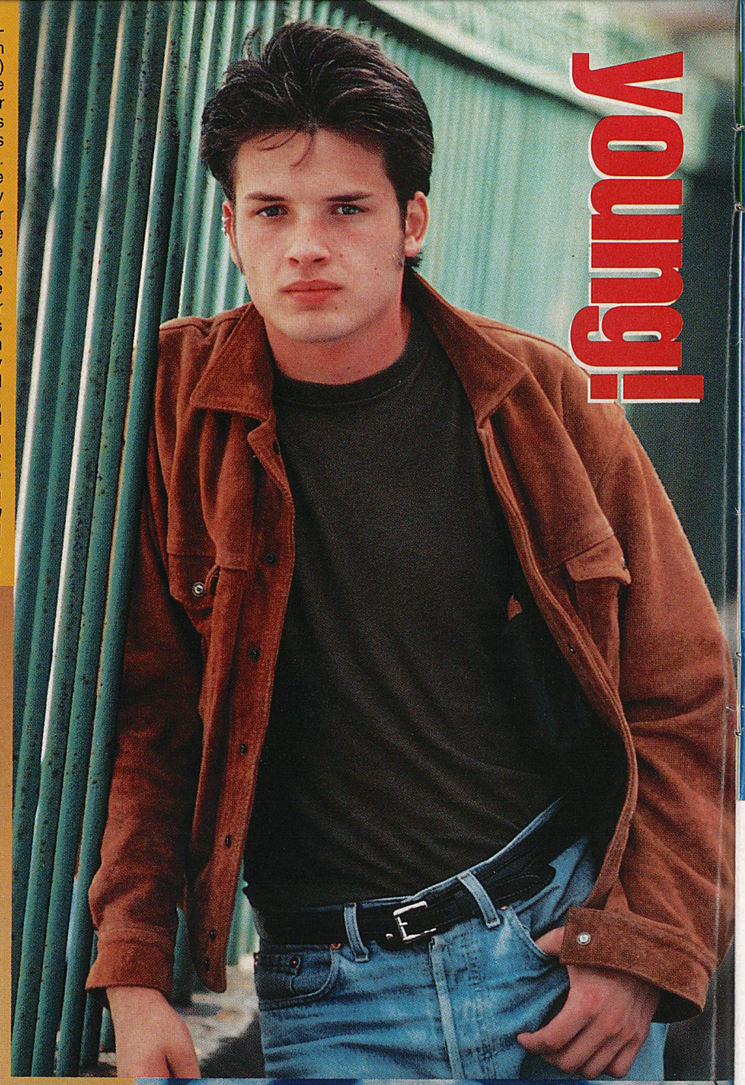
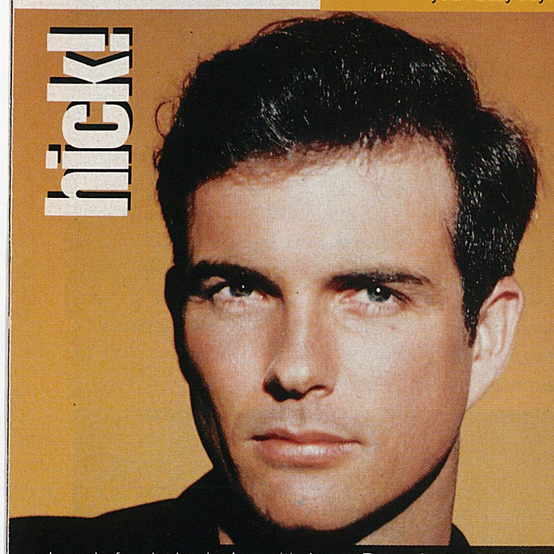
UP

ADEN YOUNG is a 19-year-old Aussie lad (even though he was born in the States) who just happens to be the star of five, yes *five*, major movies! His real name is Christopher and Aden is actually his middle name. He changed it 'cos he thought there were already too many Christopher Youngs around. Sensible chap, eh?! And just like Nicole Kidman, he was discovered at The Australian Theatre For Young People. After his brilliant performance in *Black Robe*, he's already being hailed as the new Mel Gibson. Aden's latest flick, *Over The Hill*, with Sigrid Thornton, is currently in cinemas throughout the country and he has three more - *Love In Limbo* with Russell Crowe, *Shotgun Wedding* and *Sniper* - all due before the end of the year. Busy boy.



young!



hick!

Long before he hooked up with James Reyne for their hit duet "Way Out West" *(all proceeds to The National Farmers Federation, no less)*, **JAMES BLUNDELL** was plucking away at his guitar. In fact, he was an "established country musician" who liked to dabble in rock'n'roll every now and then. First discovered at the Tamworth Country Music Festival in 1987, Jamie's already released two country albums - "James Blundell" and "Hand It Down". But what of his foray into the pop charts, then? "James and I both liked 'Way Out West'," Mr Blundell chirps. "And it was a good middle ground for both of us, *and* it's something we're really committed to." E-i-e-i-o!

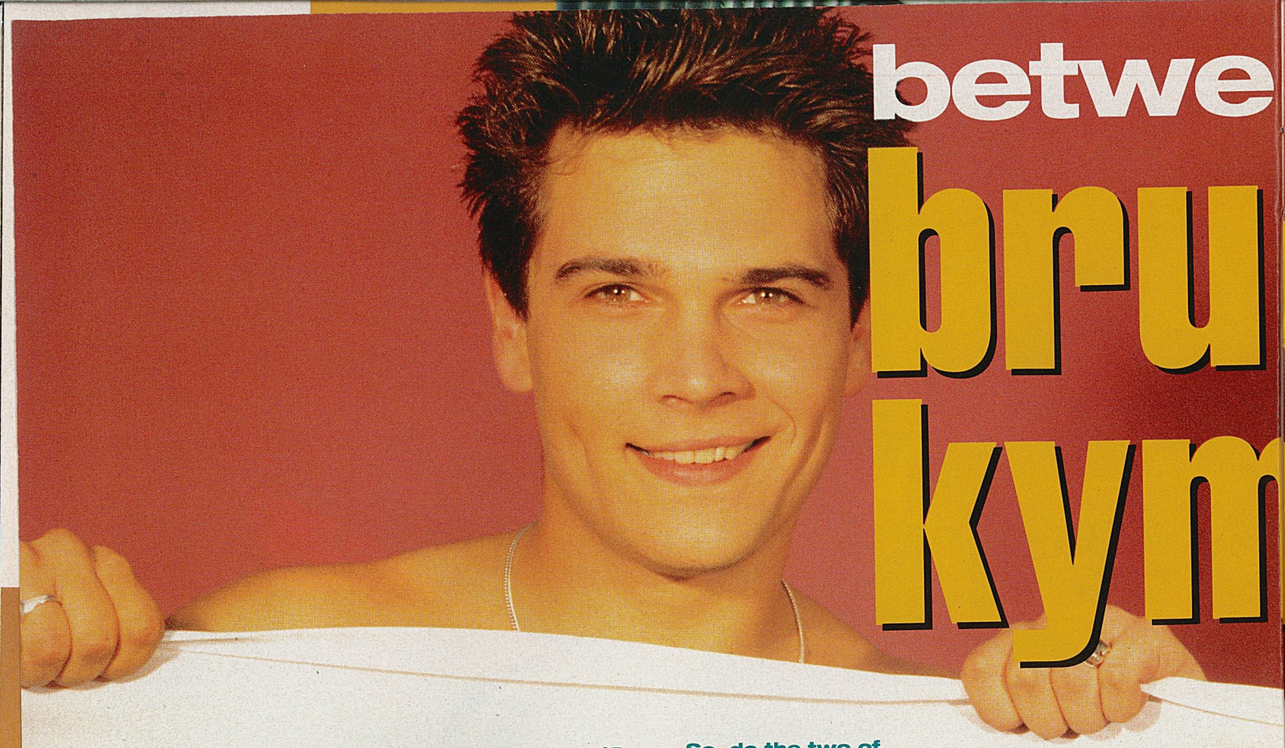
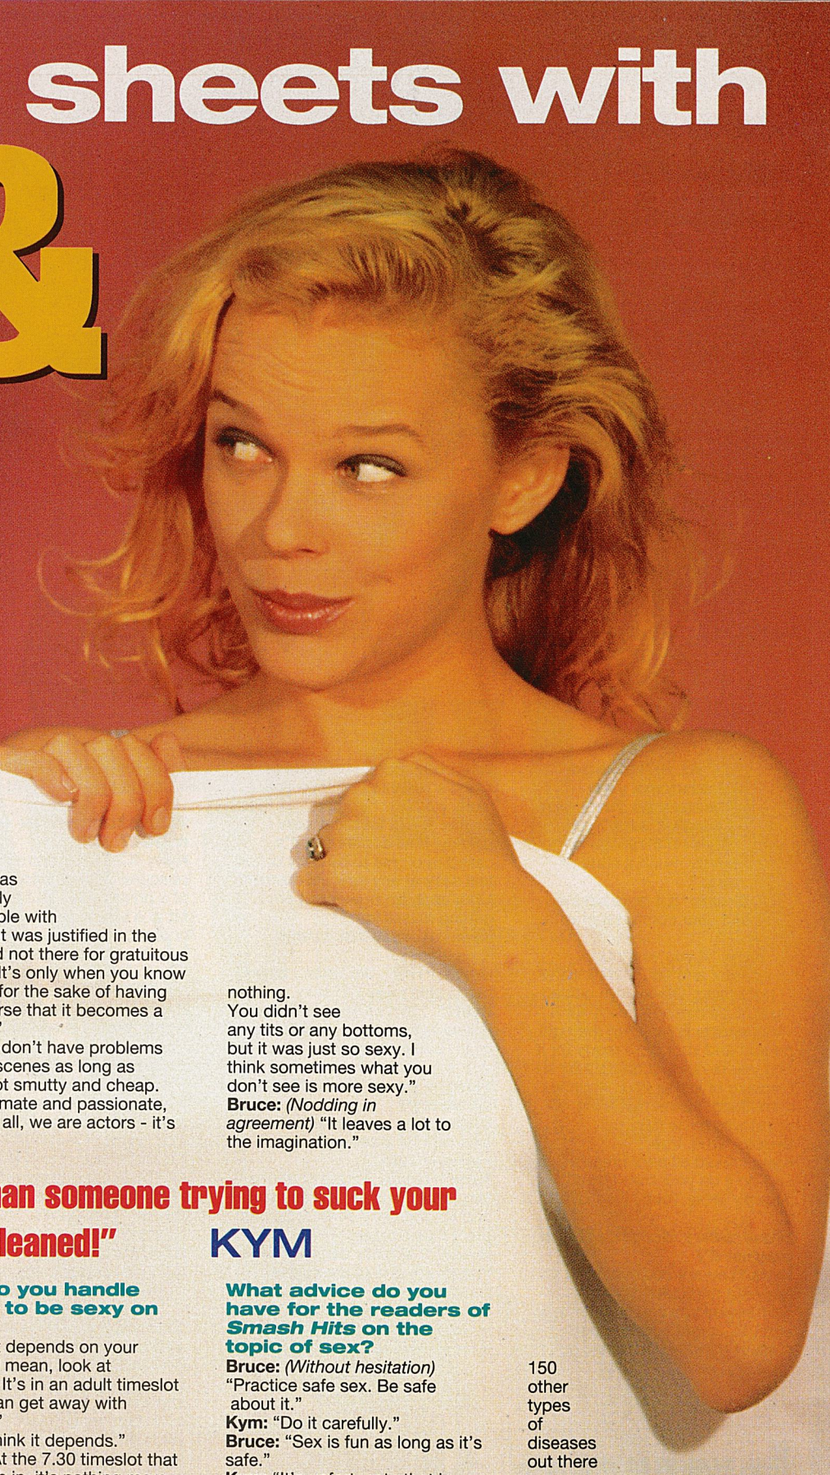
Fiona Horne (vocals), Blake Gardner (guitar), Sean Lowry (keyboards/vocals) and Martyn Basha (bass) are **DEF FX.** Together since 1990, FX's style is, erm, "unique" to say the least. They're a mixture of hard-core dance/speedmetal/techno/rhythm/melody/pop *(phew!)* and they're dead good too. Fact! They performed live along with INXS, Diesel and Jenny Morris in the Concert For Life in Sydney recently to rave reviews. Fact! They had a No.1 hit on the Indie charts last years with "Surfers Of The Mind". Fact! They've just released their third EP, "Blink", and it's fab!

between the sheets with bruce & kym!!!





It might surprise you to know that Bruce Samazan (*E Street*) and Kym Wilson (*A Country Practice* and *Video Smash Hits*) are actually the best of mates. They've known each other for "about two-and-a-half years", according to Kym, and met at a place in Sydney called The Actors Centre, where lots of acting folk go to brush up their *(ahem!)* "technique". Bruce and Kym have even done a play together. About vampires. "It was very abstract," Kym admits. Oh.

At this very moment, our two Logie winners are lying together in a doona-laden bed - *yes bed!!!* - taking a . . .erm. . .breather from having their pictures taken for this fortnight's cover of *Smash Hits*. It just so happens that the *Smash Hits* photographer has a cosy "boudoir" next to where he's taking the pictures, so our saucy twosome decide that this would be a most appropriate place to talk to *Smash Hits* about *that* subject.

In bed with Bruce & Kym? You'd better believe it!

Thus we find Kym merrily tucked under the sheets and happily writhing around in a "too" sexy one-piece grey swimsuit. Bruce, meanwhile, perches on the edge of the bed in his shorts and t-shirt *("Bah!" - A zillion* Smash Hits *readers)*, constantly flashing that winning grin of his.

But, without further "ado", let us press the flesh *(as they say)* of our perv-ready duo on matters of love, lust and . . .*whisper it!*. . .s.e.x.

Oh, and if you're easily offended, here's a warning: you've definitely come to the right place. So, with pyjama cords done up extra-tightly, may the sauciness begin. . .

So, do the two of you see each other regularly?

Bruce: "Yeah. Well, all the soapie kids mix together - at premieres, the Logies, photo shoots, you name it, so, yeah, we do."

Kym: "I think what Bruce is talking about is how all the guys off *E Street* and the young people on *A Country Practice* and *Home and Away* all get invited to the same premieres and go to the same parties."

Bruce: "There were only two blonds in the class, I remember that, hahahaha. There was Kimmy Wilson and Naomi Watts, who was in *Brides Of Christ*."

Kym: "It was good fun. It was a two-week seminar and. . ."

Bruce: ". . .we did eight-hour days. Like a full-on job for two weeks."

Kym: "We did movement, theory and voice."

"I can feel sexy very quickly. It all depends!!!" BRUCE

Bruce: "I might go out with Adrian Lee, Scottie McRae and Simon Denny, and I'm sure Kym does the same with some of her colleagues."

Kym: "People think actors only hang out with actors because it's an elitist group. But it's because you work so hard and they're the only people you see *and* the only people who work the same hours as you. So you fit into each other's schedules well. You also find that most people in the industry have worked with each other at different stages. Like, I've worked with Adrian, who Bruce works with, and I've worked with Gavin Harrison, who's in *ACP*, in a couple of different shows. You do the rounds."

What were your first impressions of each other?

Kym: "Bruce, you can go first on this one, *hahaha*."

Do you get to see each other's shows much?

Kym: "Yeah. But I think you find most people who do soaps don't watch much TV. It's just that you don't get that much time. You're usually in the studio until seven or eight o'clock at night and then go home, have something to eat, and then fall asleep with a script on top of you."

Bruce: "Exactly. We don't finish on the set of *E Street* until eight o'clock and the show starts at 7.30, so I usually miss it."

Alright then. Let's stop this pussyfooting around *(Yes, let's! - Ed.)* and start talking about sex. Do you think Sophie Lee makes a good spokesperson on the subject of sex?

Kym: "Sophie's in a position where a lot of kids look up to her, so if she can get out there and give that message to them, hopefully they'll do it."

Bruce: "She's also got that sexy tag to her as well. She's kind of suited for the part."

Would you have done a show on sex like Sophie did?

Bruce: "As long as it wasn't corny."

Kym: "You'd have to read the script first."

Bruce: "But if it's well done, definitely."

Kym: "I think what Sophie's doing is great. When you're a personality, or whatever you want to call it, people are aware of you, especially young kids, and you've got a responsbility to show them the right thing. I mean if Sophie or anyone in the public eye was caught taking drugs. . ."

Bruce: ". . .or bonking in the middle of Hyde Park or something. . ."

Kym: ". . .most kids would probably think it would be okay. So it's good for her to be setting that standard for them."

Bruce: "We *are* role models, after all. Anyone who is in the public eye is."

Are you comfortable doing sex scenes?

Kym: "I did a couple in *Brides of Christ*, which I was completely comfortable with because it was justified in the script and not there for gratuitous reasons. It's only when you know it's there for the sake of having tits and arse that it becomes a problem."

Bruce: "I don't have problems with sex scenes as long as they're not smutty and cheap. *And* legitimate and passionate, too. After all, we are actors - it's our job."

"There's nothing worse than someone trying to suck your toes if they haven't been cleaned!" KYM

How do you handle having to be sexy on TV?

Bruce: "It depends on your timeslot. I mean, look at *Chances*. It's in an adult timeslot so they can get away with anything."

Kym: "I think it depends."

Bruce: "At the 7.30 timeslot that we're both in, it's nothing more raunchy than what we just took photos of. Everything is covered up."

Kym "I don't think to do a sex scene you need to show nudity. Look at the sex scene in *Thelma and Louise* - that was one of the sexiest love scenes I've ever seen and you actually saw nothing. You didn't see any tits or any bottoms, but it was just so sexy. I think sometimes what you don't see is more sexy."

Bruce: *(Nodding in agreement)* "It leaves a lot to the imagination."

What advice do you have for the readers of *Smash Hits* on the topic of sex?

Bruce: *(Without hesitation)* "Practice safe sex. Be safe about it."

Kym: "Do it carefully."

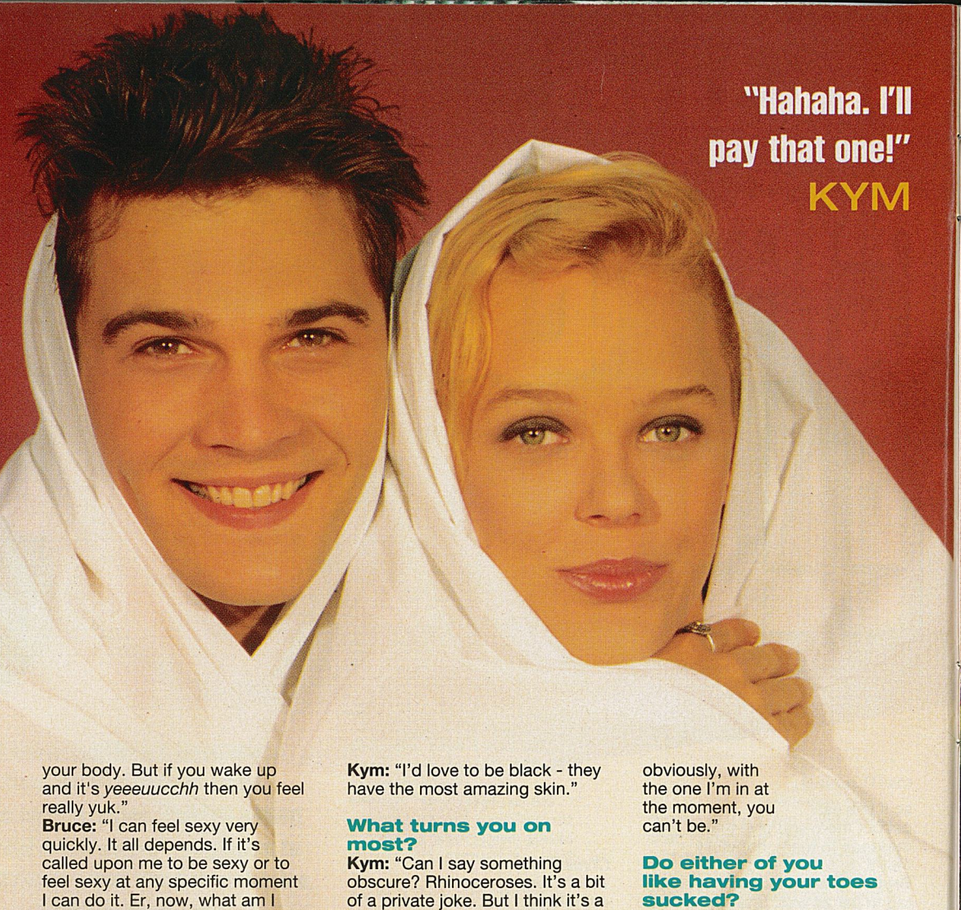
Bruce: "Sex is fun as long as it's safe."

Kym: "It's unfortunate that in today's society that you have to be aware of all these things. It's sad that sex is supposed to be such a natural and loving thing and now you get really romantic and it's, 'Wait a sec honey, I'll just get the condom!'"

Bruce: "Yeah, and it's not just the AIDS thing. I mean, there's 150 other types of diseases out there you can catch from not practising safe sex. Let alone the AIDS virus. It's something that should have been portrayed as it has in the last five years. It should have been done 20 years ago. It should have nipped the problem in the bud."

"The sexiest person alive? Kimmy Wilson!" BRUCE

"Hahaha. I'll pay that one!" KYM



between the sheets with bruce & kym!!!

BY MARC ANDREWS PHOTOS BY B. W. FLASH

At what age should you start to find out about sex?

Kym: "I think age is pretty much a state of mind."

Bruce: "If it feels natural and your comfortable with it. . ."

Kym: "If you've thought about it and you think it's the right thing. Obviously you've got to be mentally ready for it. And whenever you find the right person and your both ready for it and you're *not* just doing it for the sake of losing your virginity or something. I think that's the worst way to do it."

Bruce: "True, true."

Kym: "Avoid all peer pressure and do it on your own terms."

Bruce: "True. That's it."

How sexy do you think you are?

Kym: "You are however sexy you feel on a particular day. Sometimes you can feel fantastic and you've got a really good state of mind and it comes out in your body. But if you wake up and it's *yeeeuucchh* then you feel really yuk."

Bruce: "I can feel sexy very quickly. It all depends. If it's called upon me to be sexy or to feel sexy at any specific moment I can do it. Er, now, what am I getting myself into?"

Kym: "Just say that it varies. 'Cos it does."

Bruce: "Yeah, like when I arrived here I didn't feel too sexy. . ."

Kym: ". . .but as soon as he got in bed with me he started to feel *much* better, *hahaha."*

Who's your definition of sexy?

Bruce: "The sexiest person alive *(ponders for a second).* . .oh, Kimmy Wilson."

Kym: "*Hahaha*, I'll pay that one. Um, Uma Thurman's really sexy and if I don't say Jeremy Simms there'll be trouble."

Bruce: "I actually think Vanessa Williams is one of my sexiest people."

Kym: *(Pretends to throw a tantrum)* "Sexier than me?"

Bruce: "You're not black, *haha*."

Kym: "I'd love to be black - they have the most amazing skin."

What turns you on most?

Kym: "Can I say something obscure? Rhinoceroses. It's a bit of a private joke. But I think it's a bit of a silly question so I'm not going to answer it any other way, *hahaha.* Rhinoceros and moo-cows. Jeremy will know what I mean" *(Pardon? - Ed.)*

Bruce: "Naked women."

Kym: "Works every time, huh? *Hahaha."*

Bruce: *"Hahaha."*

Kym: "I like that muscle on men *(feels around her, er, upper chest region)* - the pectorals. Pecs! That's what I like. And I like boys with little tiny waists. But I think faces are most important because that's what you see first."

Bruce: "Their looks. Their overall appearance. But then, I never judge a book by its cover. But I do think appearances have a lot to say about a person."

Are either of you the jealous type?

Bruce: *(Softly)* "I am, yeah. But I'm not overly jealous, I mean, if she wanted to go out with her girlfriends on a Saturday night, yeah, sure, go for it. But I'd want to know where she was going, *hehehe*."

Kym: "I think it would be very hard for me to be a jealous type when I have to watch my boyfriend pretend to make love to other women on television every Tuesday night, *haha*. I'm very trusting. It depends on what relationship you're in. But, obviously, with the one I'm in at the moment, you can't be."

Do either of you like having your toes sucked?

Kym: *(Giggles)* "Only if they're very clean."

Bruce: *(Looks very bemused)* "I ain't never had them sucked, *heheheh*."

Kym: "There's nothing worse than someone trying to suck your toes if they haven't been cleaned, *hahahahaha*." *(Both fall about in a laughter heap!)*

How many cuddles do you need per day?

Kym: "I only get cuddles on Friday, Saturday and Sunday *(i.e. that's when she gets to catch up with Jeremy).* Lots and lots."

Bruce: "One will usually get me through. One will keep the doctor away, *heh*."

Would the two of you ever consider going out with each other?

Kym: *(Gives a knowing look to Bruce)* "Socially, yes, definitely. But we've always been good friends because that's how we met."

Bruce: "I mean, it's not something that's going to happen tomorrow."

Kym: "It's not really an issue at the moment."

Bruce: "We've never really thought about it."

Kym: "Ha! Let us get back to you on that one, *hahahaha."*

Bruce: "Yeah, *hahahaha."*

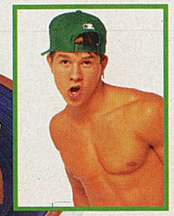
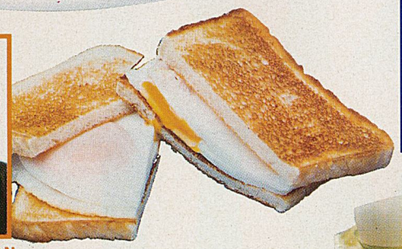
starwiches!

Take two slices of bread, a range of luxury ingredients, some famous people, and what do you get? (Something completely inedible, usually.)

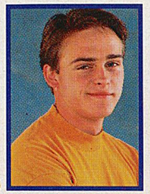


MARKY MARK
There's nothing that tough-nut Marky Mark likes more than manfully wolfing down a chicken club sandwich with mayonnaise and fries.

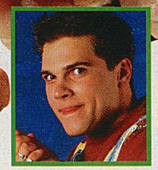
IAN ZIERING
"I eat a lot and that's why I can't figure out why I stay so damned thin. I guess I have a fast metabolism. My favourite sandwich is ham and eggs on French toast."



MAT STEVENSON
"I hate cooking, even sandwiches are too much for me. If pushed I quite like two fried eggs on white toast."



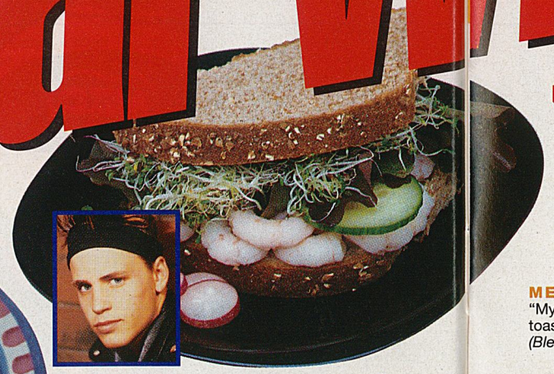
LES HILL
"I take some cut up chicken, some chopped bacon - it doesn't have to be cooked - add some onion, avocado, cheese and some pepper. Toast it and *voila*! - a delicious sandwich."



BRUCE SAMAZAN
"I love ham and cheese on rye bread, 'cos I believe health is wealth."

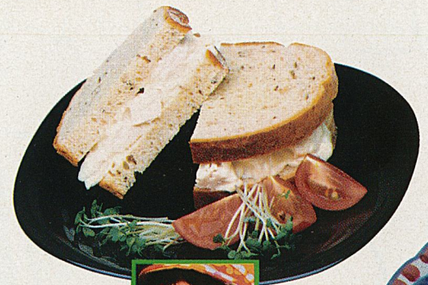
DANNII
Dannii keeps her strength up with a granary bap filled with salad and tofu. No mayonnaise, no butter, no nothing.

ROZALLA
To keep her in tip-top Queen of Rave shape, Rozalla enjoys a bacon and avocado sandwich on white bread or a baguette. "Preferably a baguette," she adds helpfully.



COREY HAIM
"I usually just have these healthy milkshakes for lunch, but if I was going to have a sandwich it would be something healthy like fish or chicken. I'd have it in wheat with salad - definitely no mayo!"

RIVER PHOENIX
For starters, he's a vegan.
"I eat vegetarian sandwiches. That's just wholesome wheat bread, vegan margarine and plenty of fresh salad or tofu."
Tasty!



JORDAN KNIGHT
None of that greasy rubbish for Jordan, who maintains his zit-free complexion by lunching on a peanut butter and jelly sandwich on white bread.

CE CE PENISTON
Ce Ce likes nothing better than to fortify her disco diva tonsils with a chicken mayonnaise sandwich on rye.

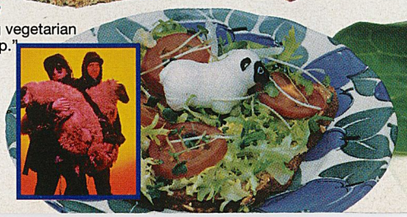
SHANICE
Not only does she love your smile, she also loves a good sandwich - just as long as it's roast chicken on white with coleslaw. "It has to be one of those nice big American sandwiches," she chuckles.

FRED SAVAGE
Savage by name, savage by nature. Fred is no wimpy vegie and doesn't even mind eating McDonald's. "I love McDonald's - any time, any place. McChicken Sandwich is the one for me, preferably with fries and a milkshake."

BRYAN ADAMS
Despite his hardy lumberjack-like image, Bryan doesn't eat raw buffalo steak, but instead prefers an avocado toastie on wheat bread with vegan margarine.

PAULA ABDUL
Paula maintains her sylph-like figure with nothing more than a healthy mix of cucumber, tomato, lettuce and Monterey Jack cheese on brown bread.

MELISSA
"My favourite sandwich is toasted cheese and tuna. *(Bleugh!)* No, it's the best! You have to try it to believe it."



THE KLF
"Something vegetarian with a sheep."

Time came and showed me your direction ■ Now I know I'll never ever go back ■ Taught me that I can be a better girl ■ With the love you give ■ You rock my world ■ (RAP) ■ Smile (do-do-do-do-do-do-do) ■ Psyche (do-do-do-do-do-do-do do-do-do-do-do-do-do)

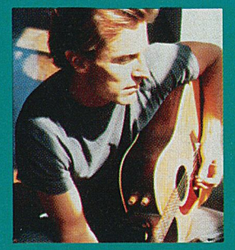
SONG FACT

JAMES BLUNDELL & JAMES REYNE



way out west

Way out west where the rain don't fall
Got a job with a company drillin' for oil
Just to make some change
Livin' and a workin' on the land
I quit my job and I left my wife
Headed out west for a brand new life
Just to get away
Livin' and a workin' on the land
(What a change) what a change it's been
From workin' at 9 to 5
(How strange) how strange it's been
At last I get the feelin' that I'm really alive
Give you a house made
out of fibro-cement
You don't need no money 'cos
you don't pay no rent
Yeah it's all so cheap
Livin' and a workin' on the land

CHORUS
La-la la-la la-la La-la la-la la-la la-la la
La-la la-la la-la la-la la-la
Livin' and a workin' on the land
La-la la-la la-la la-la la La-la la-la la-la la-la la-la
Livin' and a workin' on the land
There's nothing much to do
on a Saturday night
You get into some booze and maybe a fight
'Cos it's tough out here
Livin' and a workin' on the land
(What a change) what a change it's been
From workin' at 9 to 5
(How strange) how strange it's been
At last I get the feelin' that I'm really alive
Way out west where the rain don't fall
Got a job with a company drillin' for oil
And I ain't never gonna leave
Livin' and a workin' on the land

Can smoking really affect your health, fitness and sex life? Test your knowledge on the health issue of the 90's.

Do this quiz and see how much you know about the facts and myths of smoking. You must tick one answer for each question.

How much do you really know about smoking?

1. Is it more dangerous to drink and smoke?
A Definitely! Mixing the two makes the health risks higher – especially for smoking.
B No, because it means you do less of each of them.
C No, the risks are exactly the same.

2. Is there a safe level of smoking?
A Yes, 10 or less a day and if you quit before you turn 40.
B No. Every single cigarette increases your risk.
C Yes, there is a safe level, but it's different for everyone.

3. When does smoking affect the development of a child?
A In the first few years after it's born.
B From the very moment you become pregnant.
C During the last three months of pregnancy.

4. How does smoking affect your sex life?
A It may reduce both partners fertility but nothing else.
B Makes kissing a problem if he doesn't smoke.
C Increases the health risks associated with the pill.

5. The health risks of smoking...
A are worth it if you enjoy smoking.
B have been proven beyond doubt.
C have been greatly exaggerated.

6. If I exercise a lot then...
A smoking won't affect me much.
B smoking won't affect me at all.
C it's stupid to spoil it by smoking.

7. The best time to quit is...
A when I start running out of breath.
B yesterday.
C when my doctor tells me.

8. If I quit now...
A it might make a slight difference.
B my general health would start to improve almost immediately.
C the effort wouldn't be worth it.

9. My chances of getting cancer after quitting...
A can be as low as a non-smoker after 5-10 years.
B may drop slightly but not much.
C will get worse because of the stress quitting causes.

10. Women smokers have more skin problems because...
A they don't look after it with the right cosmetics.
B smoking speeds the ageing process.
C of other reasons and this is just a scare tactic.

Your Total .....

10-14: Your knowledge about the health risks of smoking is extremely good, so the chances are you do not smoke. If you do then you are probably trying very hard to give up.

15-24: Your smoking knowledge is average which means that while you are aware of many of the dangers, you still believe a few of the old myths and stories like 'it's OK if you exercise' or 'you'll be fine if you quit before you're 25'.

25 and over: Your lack of smoking related health knowledge can only be excused if you're from another planet! If you'd like some information to help bring you back down to earth, call one of the numbers below.

UNDER THE BRIDGE

Sometimes I feel like
I don't have a partner
Sometimes I feel like
My only friend
Is the city I live
In the city of angels
Lonely as I am together we cry

I drive on her streets
'Cos she's my companion
I walk through her hills
'Cos she knows who I am
She sees my good deeds
And she kisses me windy
Well I never worry now that is a lie

CHORUS
I don't ever wanna feel like
I did that day
Take me to the place I love
Take me all the way
I don't ever wanna feel like
I did that day
Take me to the place I love take
Me all the way yeah yeah-yeah

It's hard to believe that there's
Nobody out there
It's hard to believe that
I'm all alone
At least I have her love the city
She loves me
Lonely as I am together we cry

REPEAT CHORUS

Oh no-no-no yeah-eah love me
I say yeah-eah one time
Under the bridge downtown
is where I drew some blood
Under the bridge downtown
I could not get enough
Under the bridge downtown
Forgot about my love
Under the bridge downtown
I gave my life away

Yeah yeah-yeah oh no-no-
no yeah-eah

not a day goes by

Mmm-oh hey baby
What's gotten into me
I never used to feel this way
I never needed someone to belong to
Someone to belong to me
Now I sit here in the darkness
And I don't know where you are
Tell me how am I gonna face it
Has it got to be so hard
And there's no way in sight
I can get through this night
Tell me what do I do
Tell me what do I do

chorus

Not a day goes by when darling
I don't think of you (think of you)
Not a day goes by
I don't wonder why
I don't hear from you
So is this goodbye

What did I do to you baby
To make you want to go
What did you leave me
That I can hold onto
Like I used to hold you
Now I sit and watch the sun rise
Still I don't know where you are
Am I ever gonna find you
Did I let it go too far
And I don't see a way
I can get through this day
Tell me what did I do
Tell me what did I do

repeat chorus

(So is this good) is this goodbye

Each step I take feels
Like I am losing ground
Wow I'm lost without you baby
Don't take me down
Come back around
Don't make me walk
Through this world alone

repeat chorus

"I'm Kathy McGregor. I'm 18 and I'm the sensible one of the three. *(Uh-uh! She's really Liza Whit from Sydney and she's actually 19.)* I mother them to death. I live at Blackberry Creek as well, but not on a farm. I've got two older brothers. My idol is *(actor)* Katherine Hepburn. I think she's beautiful, very intelligent and she's got beautiful hair. I don't have a boyfriend. I like boys, but I'm waiting for my knight in shining armour to come and sweep me off my feet and take me away. I just like reading. I like to get into a good book rather than worry about boys. I'll leave that up to Wendy. She likes the boys."

Wendy Wilson

"I'm Wendy Wilson. I'm 18 and I'm the sexy, sultry, sassy one out of the group. *(Er, wrong again! She's Sydney girl Roxanne DeBart and is really 20.)* I like boys and I like champagne and caviar. I've never had it . . . champagne and caviar, that is, but I like it, *haha!* What else do you want to know about me? I'll tell you everything. I don't have any brothers and sisters, but I have a father. I don't have a boyfriend. Do I like all boys? No, they all like me. We all make our own clothes. My colour is pink, Tammy's is blue and Kathy's is yellow."

Tammy Wells

"I'm Tammy Wells and I'm 18. *(Actually viewers, she's really Kelly Hoggart, 18 and she's from Sydney.)* I have a mum and dad, four sisters and two of them are twins. I've got lots of animals, too: goats, bunnies, a horse called Elvis and a cow *(?)*. I live on a farm in Blackberry Creek. It's out the back of Bourke. I love Marilyn Monroe. I don't have a boyfriend, but I love guys. They never take me seriously, though. I'm like a little sister to them, 'cos I'm a bit of a tomboy - I play guys' sports. The three of us sang together in the church choir for ages and thought we had good voices, so we entered a talent quest, won and then came to Sydney."

REVIEWED BY LES HILL

MICHAEL JACKSON
In The Closet *Sony*
This has got the potential to be a hit, I do believe. His voice isn't very strong on this. It's not a strong song, but it's got a good beat. It's musically perfect like anything Michael Jackson does. I think it's better than his older stuff. That stuff just happened to be right for the time. This will be a hit. ★ ★ ★

DEFINITION OF SOUND
Moira Jane's Cafe *Virgin*
I think this will be huge in the clubs, but it will probably not do so well in the local charts. Radio *should* play this, well Triple M and JJJ should.*(JJJ have actually been playing this for months now, Les! - Know-all Ed.)* It's a trendy sort of song, I like it. ★ ★ ★ ★

BABY ANIMALS
Ain't Gonna Get *BMG*
Baby Animals. It's so easy to know it's them. You can just tell their sound. It's very touch-and-go with rock'n'roll. It seems to have a bit of trouble getting into the charts unless they're an established band, like Baby Animals. This is bordering on too heavy for the majority of people, I think, but it's still catchy. ★ ★

OCEANIC
Wicked Love *East West*
I don't know about this. It's okay, but it's not something I'd buy. It's very cliched to the sort of music that's being released at the moment. *(Pardon? - Ed.)* People are getting bored with the music, they want something fresh. I don't think it will go extremely far. ★

JULIAN LENNON
Help Yourself *Virgin*
Very Julian Lennon. He's going back to a lot of the music his father was doing, and that's fine, it's just not for me. I think he and his father have the same musical interests. It'll probably go pretty well, but I personally liked his older stuff, like when he released "Now You're In Heaven". ★ ★

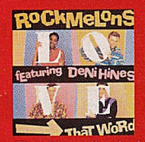
KENNY THOMAS
Thinking about Your Love *EMI*
He sounds very souly. I don't know how this is going to go here, it's very cliched, like Oceanic. There's a lot of piano in there, it's the kind of music I never really listen to. It just doesn't have any guts. Not really my scene. ★

DEBORAH BLANDO
Innocence *Sony*
This is interesting, but is definitely something I wouldn't listen to. Teenagers who are falling in love for the first time will probably love this. You know, it'll be "their song". It's got that type of feel to it, a new couples love song. ★

KATHY TROCCOLI
Everything Changes *BMG*
This has got potential overseas, but I don't think it will do well in this country, unfortunately for Bryan Adams or whoever it is. *(??)* It's a girl??? Are you kidding me? You're kidding me. No way. ★ ★

BELINDA CARLISLE
Half The World *Virgin*
Belinda Carlisle, she's pretty good, I've always sort of liked her. Did I like The Go Gos? The who? *(The Hits proceeds to explain that they were a very successful all-girlie group that Lindy was in in the early '80s.)* I've liked her since she was a solo artist, then. It's not the sort of song you'd listen to on a Friday night before you go out, though. It's okay. ★ ★

GIRLFRIEND
Take It From Me *BMG*
Bobby Brown, definitely. I think they've been listening to too much Bobby Brown. This is not for me. Um, no. Ooh, no. ★



ROCK-MELONS FEATURING DENI HINES
That Word (L.O.V.E) *Mushroom*
This'll really do it for them. It'll be as big as their last single 'cos she's got such a good voice. I know Deni, she just happens to be a friend of mine. This is one of the better singles this fortnight, I'd have to say. ★ ★ ★ ★

BEST NEW SINGLE

RED HOT CHILI PEPPERS
Suck My Kiss *Warner*
This is cool. I have wide tastes in music from Frank Sinatra to the Red Hot Chili Peppers. I like the Chili Peppers, they're my favourite band at the moment. They trash the stage up like no-one I've ever seen. These guys are crazy. I'd like to say this will be another big hit for them, but I doubt it, It's too hard for radio to play. But it's brilliant, I love it. ★ ★ ★ ★ ★

Trainer "Tips"

1. Trendy Londoners are buying baby sizes of their fave trainers and using them as ornaments.
2. If you're into velcro straps, clip them over your tongue, not under. Having the straps hanging loose is now a heinous no-no.
3. According to most sports store staff, you can't go wrong if you buy Air Jordans or Reebok Hi Tops.
4. Trainers that have the "I've had them for about a month" look are the coolest. But dirty, scuffed shoes are naff amongst the dance fraternity. For heavy metal dudes they should be the filthiest possible.
5. And finally, do your laces up halfway and tie them up behind the tongue to be truly hip.

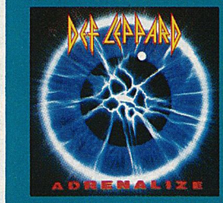
new albums

ANNIE LENNOX
Diva *BMG*

The arrival of Annie's debut solo LP should be akin to Christmas Day showing up now. But, hold on, Santa's not coming. Tracks such as "Precious" and "Cold" are pleasantly melodic, but nothing really touches the high standard we've come to expect from Ms Lennox. Which leaves "Why", the first single, as the only glistening beauty from a package that, on the whole, does nothing more than inspire you to stick the kettle on.
★ ★ *Harry Dean*

DEF LEPPARD
Adrenalize *Phonogram*



If you were one of the many who thought Def Leppard must have given up on the music "biz" and taken up professional golfing (or something) then, boy, have you ever been proven wrong. "Adrenalize" has bought The Lepp's back with a bullet - straight to a No. 1 debut position on the Oz charts. But, sadly, most of the new songs seem a lot tamer than the old "metalistic" Lepp material and a few head-bangin' types out there will probably be rather disappointed.

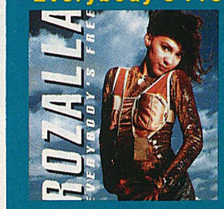
BEST NEW ALBUM

ROZALLA
Everybody's Free



Mushroom
First everybody was free. Then everybody had faith in the power of love. Then everybody was ready to fly. Yes, techno lovers, Rozalla, the "queen of the rave" (as they say) has finally plonked out her debut LP featuring, as it does, "all the hits". Why, there's simply hours of pogoing-on-your-bed fun here. So, just stick on a strobe light, put up a mirror ball, start screaming about being free to feel good and off you go. Destined to annoy mums the nation over for eons.

SHADOWS AND FOG

WARNING (1): Madonna appears in this movie for all of two minutes *(yes, two minutes!!!)* and disappears from the screen within the first five minutes, never to reappear.

WARNING (2): This movie is filmed in grainy black-and-white, making it look a bit grungy at the best of times. It also gets a mite yawnsome. In other words, it's not *In Bed With Madonna*! Pity.

PLOT: It's a foggy night in some unnamed murky city in Central Europe around 1930. Kleinman (Woody Allen) is woken up by a vigilante group and told to go and look for a serial killer on the loose. Yes, it's a comedy. There also happens to be a circus in town where the clown (John Malkovich) is snogging the acrobat, Marie (Madonna). When the clown's girlfriend, the sword-swallower (Mia Farrow), finds him and Marie in snog city, she packs up her things and runs off in a sulk. She ends up in a brothel *(!!!)* where she meets some prostitutes (including Jodie Foster, Kathy Bates and Lily Tomlin) and, er, that's all within the first few minutes!

Mads in "snogging bloke" shock!!!

FUNNIEST LINE: When Kleinman meets the sword-swallower for the first time and innocently inquires, "What happens if you get the hiccups during your act?"

WEIRDEST BIT: Well, there's plenty to choose from. But the weirdest and also the most impressive bit *(special effects-wise)* is probably the bunch of mirror tricks at the end. To say anything more about them would be to give away how the movie finishes, but they are pretty cool, nonetheless.

ODDEST COSTUME: "Hefty" Kathy Bates (from *Misery*) as a prostitute sporting a "fetching" corset throughout the entire movie.

Woof.

I am a very, very depressed Rick Astley fan who would deeply appreciate it and would love you forever if you print a close-up poster of Rick Astley. Also I would like to present you with the most popular magazine award.
The Future Mrs Astley, NSW

Now Rick, I've told you about this before. We all know it's you masquerading as your old ma, so stop this nonsense at once. Go and make a decent record this instant!

You made a mistake! I know it's rare for you to do so, but you did! Recently, you ran a photo of Jason Priestley, his sister Justine and his date Christine Elise. In the next issue you ran the same photo, minus the girl on the left and called it "Jason's in Lurve", calling the girl on the right Christine Elise. But (and this is where things go horribly wrong) in the issue with the "Star Couples" page, you ran the photo again, this time showing the girl on the left with Jason, saying *she* was Christine Elise. What I'm saying is, unless Jason is dating his sister, Christine Elise has a huge identity problem and keeps switching bodies with Justine Priestley. But I suppose in Hollywood anything's possible.
MJ, WA

Er...well spotted "MJ". The person responsible has been tried, found guilty, and summarily shot. You can rest assured it will never happen again. We hope.

Help me! I'm gonna die! It's everywhere I look. I can't escape it. Wherever I turn, it's there. On folders, bags, T-shirts and TV. Help! That's right. The menace is here - *Beverly Hills, 90210*. Even *Smash Hits* has caught the disease. Not an issue passes where something isn't in it about *BH90210*. Dear God, help me. I fear for my friends. They are in love with a guy who's got wrinkles and could be 50 years old. Help.
Sandra, NSW

Now, now, calm down. You just have a good night's sleep and it'll all be better in the morning. And what's all this about everyone falling in love with our "beloved" Ed? Bah!

Madonna Monroe? Or is it Marilyn Minogue? I'll leave you to wonder about that one.
Lisa, Ireland

Well, I never.

Got a problem? Well, even if you haven't, perhaps it's time you wrote to: Marc, The Letters Page, PO Box 146, Darlinghurst, NSW, 2010. The fortnight's top letter will receive a $20 record voucher and then you'll be happy that you did, won't you?!

TOP LETTER

U all ready 4 this?
Yeah! Yeah! Yeah! Yeah! Yeah!
Yeah! Yeah!
U all ready for this?
Yeah! Yeah! Yeah! Yeah! Yeah!
U all ready for this?
Do I get the record voucher?
Adrian, ACT.

Yeah! Now will U all shut up?!!!

I would just like to say a few words from the bottom of my heart. In two words: SCHOOL SUX!! Teachers are teaching us the most useless junk in the all-time history of school. What do congruent triangles, knowing how to write stupid essays and all that crap actually do for us? If you wanted to be, for example, a hairdresser, why would you want to know about herbivores, carnivores

BRUCE SAMAZAN

Everyone's favourite cop, Max from *E Street*, (i.e. Bruce Samazan), was born in Madagascar, Africa, on November 13, 1970. His family fled from there when Bruce was just a wee lad because of a coup d'etat. Even though *E Street* is Bruce's first acting role, he's done heaps of commercials and modelling work. Bruce has dabbled in a bit of songwriting - or rather "rapwriting" - and thinks he may even release a record one day like his old co-star, Melissa. "I'd like to, but there's no rush. Maybe in a year or two." The world waits with baited breath.

JANET JACKSON

Janet Damita Jackson was born on May 16, 1966, in Gary, Indiana. Being baby sister in the most famous entertainment family in the world was all the encouragement Janet needed to start her musical career. She's made four LPs: "Janet Jackson" (1982), "Dream Street" (1984), "Control" (1986) and "Rhythm Nation 1814 (1989)". She eloped with childhood sweetheart James DeBarge when she was 16, but their marriage was anulled nine months later. She's now dating a bloke called Rene Elizondo and is very much in love. She's planning a new LP possibly for the end of this year, and is rumoured to have started working on a film. As yet there's been no confirmation about either of these projects, but here's hoping!

Got a problem? Well, even if you haven't, perhaps it's time you wrote to: Marc, The Letters Page, PO Box 146, Darlinghurst, NSW, 2010. The fortnight's top letter will receive a $20 record voucher and then you'll be happy that you did, won't you?!

Yes, I know. I'm back. And so are the letters. It's a funny old world, isn't it? So let's just get on with it, shall we? ...

How nice of you at *Smash Hits* to put my beloved dog's name in big print. In case you don't believe me, here it is. . .

Yes, his name is Bullet and, yes, he is the greatest. Bye for now.

You made a mistake! I know it's rare for you to do so, but you did! Recently, you ran a photo of Jason Priestley, his sister Justine and his date Christine Elise. In the next issue you ran the same photo, minus the girl on the left and called it "Jason's in Lurve", calling the girl on the right Christine Elise. But (and this is where things go horribly wrong) in the issue with the "Star Couples" page, you ran the photo again, this time showing the girl on the left with Jason, saying *she* was Christine Elise. What I'm saying is, unless Jason is dating his sister, Christine Elise has a huge identity problem and keeps switching bodies with Justine Priestley. But I suppose in Hollywood anything's possible.

Er...well spotted "MJ". The person responsible has been tried, found guilty, and summarily

Yeah! Now will U all shut up?!!!

I would just like to say a few words from the bottom of my heart. In two words: SCHOOL SUX!! Teachers are teaching us the most useless junk in the all-time history of school. What do congruent triangles, knowing how to write stupid essays and all that crap actually do for us? If you wanted to be, for example, a hairdresser, why would you want to know about herbivores, carnivores, nocturnal or amphibians?
Kristy, WA

Because you never know when you'll be required to tint'n'trim a woolly mammoth, that's why. Don't you know anything?!

Mansome? What sort of word is that? You've spent far too long in the sun, my dear. Get yourself some sunscreen and a sensible hat quickly.

SOMEBODY'S MUM

I really must admit I love your magazine. I really like how you introduce new talent and give other bands like Nirvana a fair go. But wait! Don't let your heads get too swollen. I have a confession to make. In the April 1 issue you criticised Keanu Reeves' appearance. You pointed out how sloppy he was dressed. Well, I think your opinion is stereotyped. He should wear what he wants. And mama said, if everybody looked and dressed the same what a boring world it would be. However, your magazine is still ace.
Bonnie, Vic

Your mama's obviously a wise old duck. I bet you could even teach your grandmother to suck eggs as well, couldn't you? Oh, I've had enough. I'm off to interview Keanu Reeves. Now where *did* I put my tuxedo? Ciao for now, letterettes.

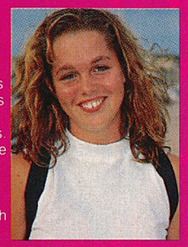
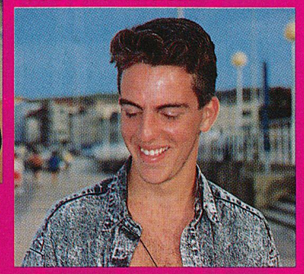
Was Sophie's sex show any good?

***Smash Hits* is out on the streets yet again! This issue we talk about sex. Snaps by Damien Toogood!**

Alex, 15
"I saw bits of it and I thought it was pretty good 'cos it helped kids learn about things they mightn't get from their parents. I knew most of the things that she talked about, anyway, but I didn't watch it with my parents."

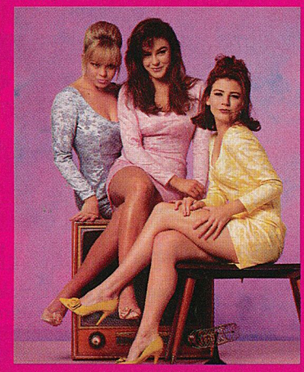


Marcel, 18
"I didn't watch it. I pretty much know all there is to know about sex."

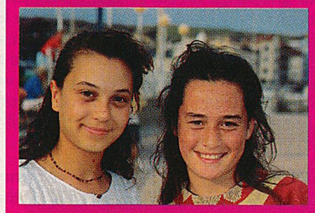


Jocelyn, 15; Magda, 15
Jocelyn: "It gave good advice to teenagers. I didn't really learn anything 'cos I knew most of it already. The show is a lot better than sex education at school 'cos it's more in touch."
Magda: "I only sort of half watched it. I can't stand Sophie Lee. Why? 'Cos she's a...*(censored!)*!

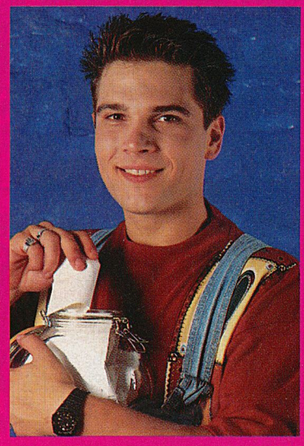
The Teen Queens
"Unfortunately we were all out to dinner together the night that was on. But we think it's very important that everyone is informed about sex, especially in today's society."



Renee, 14; Leanne, 14
"We think it was a big publicity stunt. We already knew all the stuff she was talking about, anyway. She was just trying to promote herself. We didn't like the show at all."



Bruce Samazan
"I didn't catch the show, but I do think that it got the right message across to those young people who were watching."



Norah, 15; Stephanie, 15
Stephanie: "I saw parts of it, but I basically knew what she was talking about. It's common knowledge really. It wasn't offending in any way. I don't think it was too raunchy for telly. I think everyone should have watched it."
Norah: "I didn't get to see it. My parents wouldn't freak if I did."

De-de-der-der-der-der der
de-de-der-da-der-der der
YEAH! YEAH!

Yes, once again, it's Cookie Jar time, and this fortnight MELISSA boldly announces. . .

"I know someone who's eaten dog!"

AND THE FIRST QUESTION FROM THE JAR IS...

Q. WHAT DO YOU THINK LIFE WILL BE LIKE IN THE YEAR 3000?
A. I've never really thought about it, but I guess everything will be really high-tech. That's if we're still around - the human race, that is.

Q. HOW OLD WERE YOU WHEN YOU LEFT HOME?
A. Well, I'm still at home, I haven't left yet. I can't imagine myself leaving home. I'm not planning it, but I'm sure I'll move out one day. If I move out it'll probably be with friends, not on my own. . .at first, anyway.

Q. WHAT WAS THE WORST ROW YOU'VE HAD WITH YOUR PARENTS?
A. Probably over money lately. My mum looks after my money and I go a bit crazy sometimes spending it, so we argue about that. But she's only doing it so I'll have something saved for the future. You never know when all this might end and she doesn't want me to be left with nothing. She budgets my money and gives me a bit each week - like an allowance.

Q. DEFINE LOVE!
A. Oh no, that's something I don't have at the moment, *haha!* Let's see...romance, cuddles, understanding, kindness, honesty and trust.

Q. WHAT'S THE MOST BIZARRE THING YOU'VE EVER EATEN?
A. I can't really think of anything right now, but I don't really eat too many different things 'cos I'm a vegetarian. Like, I haven't eaten dog or anything. I know someone who's eaten dog before they didn't know at the time. After they'd eaten it, they were told. *Grosssss!*

Q. WHAT'S YOUR FAVOURITE BEDTIME DRINK?
A. I don't really drink anything like Milo or Horlicks before I go to bed. I'd have to say water - otherwise I get thirsty through the night.

Q. WHO WOULD YOU MOST LIKE TO MEET?
A. I'd have to say Michael Jackson, Prince or Madonna. I think I've just about met everyone else. Oh, no, it would have to be Keanu Reeves. He is a brilliant actor, good looking and he seems really cool. Not pretentious at all, yet weird. I'd love to hang out with him. I read this article in *Smash Hits* recently where he didn't like the interview he was doing - apparently he doesn't like doing interviews at all - and he just got up and walked out on the the journalist. I saw *My Own Private Idaho* recently and I loved that. Yeah, I could handle meeting him!

Q. WHAT'S NO. 1 IN THE CHARTS AT THE MOMENT?
A. *(At time of interview.)* Is it Julian Lennon? Euphoria? I give up. The Twelfth Man? Really? That's sad.

Q. WHAT'S THE MOST YOU'VE EVER WRITTEN OUT A CHEQUE FOR?
A. I don't write cheques. Sorry.

Q. WHAT'S THE CAPITAL CITY OF DENMARK?
Copenhagen.

Q. WHAT DO YOU HATE?
A. Liars. I hate hate *hate* lies and liars.

Q. DO YOU BELIEVE HALF THE THINGS YOU READ ABOUT MICHAEL JACKSON?
A. No way. Whenever people say to me, "Did you read this about Michael Jackson?" I tell them not to believe it. After seeing what some people have written about me, which are total, outright lies - I mean, they quote me as saying something that I didn't even say and they never even spoke to me! After reading and hearing these things, I can never believe anything I read about anyone. I don't read any of my press anymore. Sometimes someone will point out a good article and I'll read that. I prefer just to look at the pictures people have used.

Q. WHICH IS BETTER: *BEVERLY HILLS, 90210* OR *BAYWATCH*?
A. *Beverly Hills, 90210.* They have great storylines and Luke Perry and Jason Priestley are just gorgeous.

Q. WHO'S THE MOST FAMOUS PERSON IN YOUR ADDRESS BOOK?
A. Ah, let me see, that's a hard one. *(Ponders a while)* It would have to be Kirk Pengilly from INXS. He's pretty famous. In fact, I've even got his mobile *(phone number)!*

Q. HAVE YOU EVER LIED ABOUT YOUR AGE?
A. Ah, yeah, but I think everyone has. When I was doing *E Street* I was 17 and I went out to clubs sometimes. But I think they knew who I was and that I wasn't going to do anything stupid.

Q. WHAT DO YOU HAVE PLANNED FOR TONIGHT?
A. Well, I think I might go to Rogues *(v. trendy Sydney nightclub)*. I like going there to relax and sit around talking to friends.

Q. WHAT'S THE SADDEST THING YOU'VE EVER SEEN?
A. There are so many sad things going on in the world, like homeless people and starvation, that it's hard to say just one.

Q. HAVE YOU GOT ANY PICTURES OF YOURSELF ON YOUR WALL AT HOME?
A. Only ones with me and someone else. There's me and Gloria Estefan which I had taken when she was in Australia. And there's one of me and John Stamos from the Logies. He is absolutely gorgeous.

Q. WHAT DO YOU WANT TO BE DOING TEN YEARS FROM NOW?
Writing my own music. I'd like to have done some movies, too. Something with Keanu Reeves, perhaps!

Q. ARE YOU A GOOD DANCER?
A. I think it depends on what type of dancing it is. I like slow, sexy dancing. Music that you can just groove to.

the rules

In the Cookie Jar there are 100 envelopes. Each contains a fiendishly difficult question. You must open 20 envelopes at random and answer the question inside. You can only pass on one, if you want.

True 10 THINGS YOU MIGHT *NOT* KNOW ABOUT MICHAEL!

1. His "Thriller" LP is the biggest selling album of all time. It's now sold over 40 million copies worldwide.

2. Madonna is supposedly the "mystery girl" vocalist on MJ's latest single, "In The Closet", but no-one will admit to it. . . yet!

3. His next single from "Dangerous" will be "Who Is It".

4. Mikey was to star in a movie called *Midknight*, but, sadly, the director, Anton Furst committed suicide before the movie could get started. Now the project has been shelved. Sniffle.

5. Michael loves *The Simpsons* so much that he's filled his house with all manner of Simpsons paraphernalia.

6. His record company wants everyone to refer to him as "the king of pop" whenever he is mentioned. Righty-ho then.

7. The bloke who directed Mikey's "Remember The Time" video was John Singleton - who made the film *Boyz N The Hood*.

8. Michael cut the four-minute ending off his "Black Or White" video (where he grabs his crotch, smashes some cars and goes bonkers) because of "negative public reaction" (i.e. everyone thought it would rot their minds or something).

9. "Dangerous" apparently cost over $10 million to make. That's because Michael recorded some 60 songs to choose the final 14 from.

10. Michael is a firm believer in positive thinking and owns books with titles like "The Sky's The Limit" and "You'll See It When You Believe It". Hmmmm.
